

Breast Pump Order

Effective January 1, 2016, Prevea360 Health Plan covers at 100% the purchase of one manual breast pump *or* one personal-use electric breast pump per birth. This benefit **does not require prior** authorization. However, rental of a hospital-grade, heavy-duty electrical breast pump **requires** prior authorization through the Medical Affairs Division. Your rental may be subject to deductible/coinsurance. Please see the Durable Medical Equipment benefit in your plan.

Instructions:

Effective September 1, 2016, your health care provider may fax this order form directly to Home Medical Equipment (HME) at (920) 465-3003 up to four (4) weeks before your estimated delivery date (EDD). HME will then work with you to arrange for pick up or delivery of the breast pump.

If preferred, providers may submit orders for breast pumps through other HME-accepted methods in place of this form.

Member Name (last), (first) Mother	Member ID
Member Address (Full)	Member Phone Number
Member Date of Birth	Estimated Delivery Date (EDD) or Infant Date of Birth
