Responsibility for Authorization

Ordering Providers

- Responsible for obtaining prior authorization

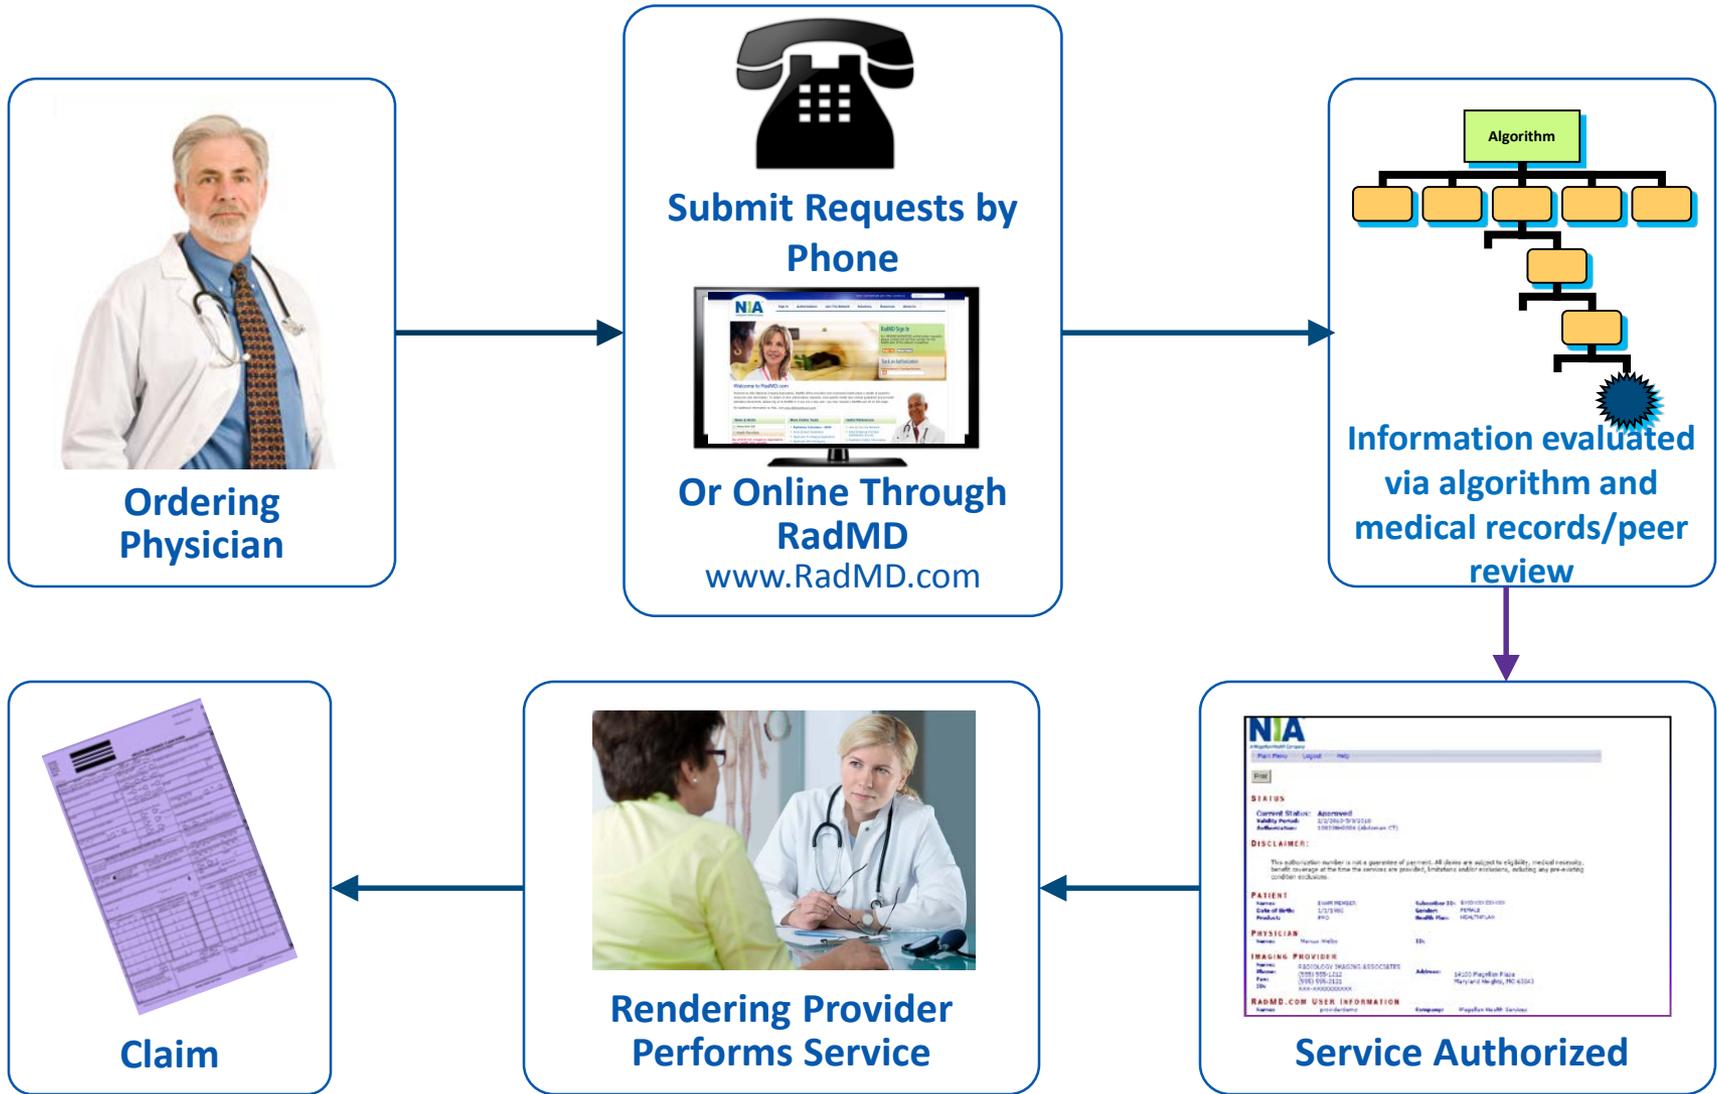

Facility/Place of Service

- Ensuring that prior authorization has been obtained prior to providing service

Prior Authorization Process Overview

Patient and Clinical Information Required Information for Authorization

GENERAL

Includes things like ordering physician information, member information, place of service, requested procedure, etc.

SPECIAL INFORMATION

For spinal surgeries, only one authorization request per surgery. For example, a Lumbar fusion authorization includes decompression, instrumentation, etc.

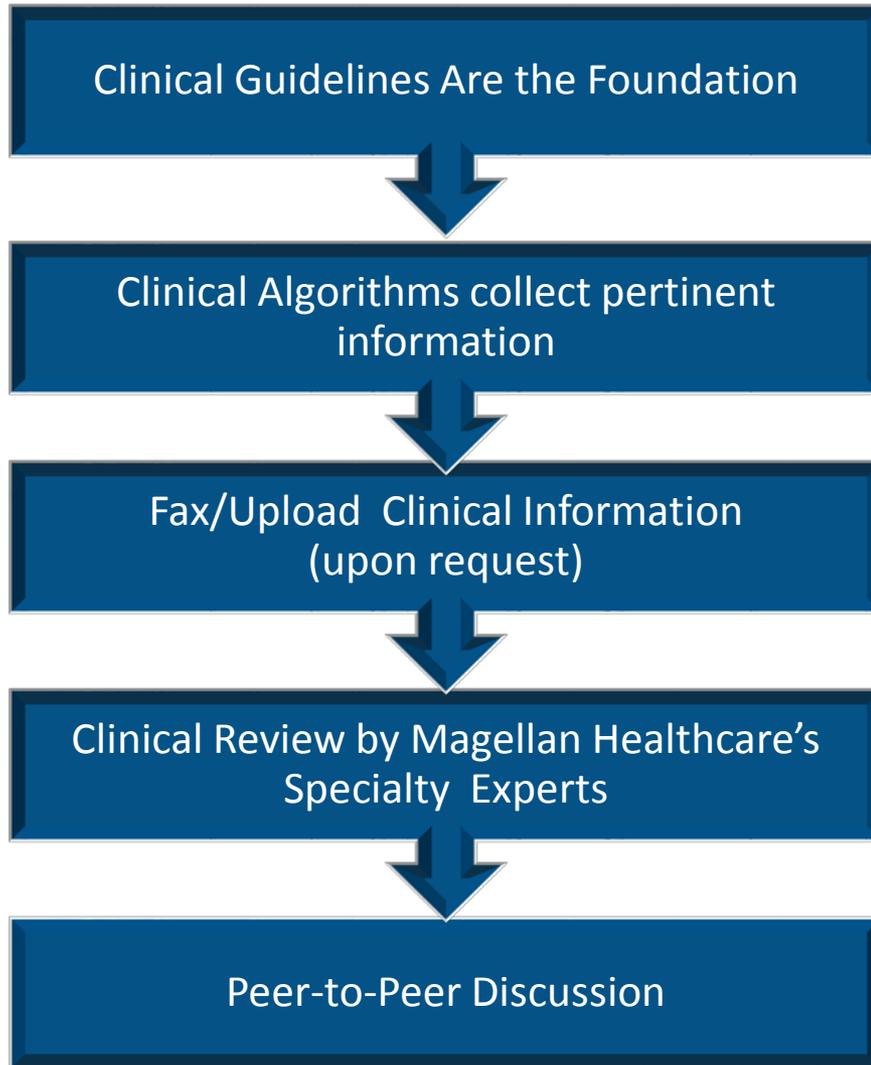

Date of Service is required.

Bilateral hip, knee or shoulder surgeries require two separate authorizations.

CLINICAL INFORMATION

- Clinical Diagnosis
- Physical exam findings and patient symptoms (including findings applicable to the requested procedure)
- Date of onset of pain or exacerbation. Duration of patient's symptoms.
- Conservative treatment modalities completed, duration, and results (e.g., physical therapy, chiropractic or osteopathic manipulation, hot pads, massage, ice packs and/or medication)
- Diagnostic imaging results, *where applicable*.
- Preliminary procedures already completed (e.g., lab work, scoped procedures, referrals to specialist, specialist evaluation)

Magellan Healthcare's Clinical Foundation & Review

Clinical guidelines and algorithms were developed by practicing specialty physicians, literature reviews, and evidence base. Guidelines are reviewed and mutually approved by Prevea360 Health Plan and Magellan Healthcare's Chief Medical Officers and Clinical Specialty Experts.

Validation of clinical criteria within the patient's medical record is required before an approval can be made.

Magellan Healthcare reviews key clinical information to ensure that Prevea360 Health Plan members are receiving appropriate care prior to more invasive procedures being performed.

Magellan Healthcare has a specialized clinical team focused on musculoskeletal care. Peer-to-peer discussions are offered for any request that does not meet medical necessity guidelines.

Reconsiderations can be initiated when new or additional clinical information is available. No change in current appeals process.

Our goal – ensure that Prevea360 Health Plan members are receiving appropriate musculoskeletal care.

Clinical Guidelines available on www.RadMD.com

Specialized Clinical Team

MSK Surgery Reviews

Surgery concierge team will proactively outreach for additional information, reconsiderations and to schedule peer-to-peer sessions.

Nurses will assemble surgery cases and reach out for clinical information as needed prior to sending to surgeon reviewers.

Only orthopedic surgeons or neurosurgeons conduct clinical reviews and peer-to-peer discussion on surgery requests.

Authorization Notification

- **Authorizations**

Validity Period - Authorizations are valid for:

Surgical

- ❖ Inpatient – 14 days from DOS*
- ❖ Outpatient- SDC/Ambulatory – 90 days from DOS

*The date of service that is selected at the time of the prior authorization request, will be used to determine the validity period. If the DOS changes please contact Magellan Healthcare to update.

Denial Notification

- **Denials**

You may ask Magellan Healthcare for a reconsideration of our decision with additional information. You may also follow the appeal process through Prevea360 Health Plan defined in the notice of denial provided to you.

Magellan Healthcare's Urgent/Expedited Authorization Process

Urgent/Expedited Authorization Process

If an urgent clinical situation exists (outside of a hospital emergency room), please call Magellan Healthcare immediately. The number to call to obtain a prior authorization is 1-877-642-0622.

Retro Authorization Rules:

Retros are allowed for ALL Prevea360 members with the following conditions:

MSK

- Medical Necessity Requests - within 7 business days.
- Urgent/Emergent Requests - beyond 7 business days.

Inter-operative findings:

If a surgeon performs another surgery after finding that additional care (inter-operative findings) is needed while performing the approved surgery, he/she must contact Magellan Healthcare within seven days to provide clinical documentation for Magellan to review.

Using Prevea360 Health Plan Network

- Magellan Healthcare will use the Prevea360 Health Plan network of Surgeons, Hospitals, Surgery Centers and In-Office Providers as it's preferred providers for delivering Inpatient and Outpatient Surgeries to Prevea360 Health Plan members throughout Wisconsin.
- HMO members who wish to utilize a non-plan provider must first have an approved authorization from Prevea360 Health Plan for the USE of the non-plan provider. Authorization requests must be submitted by a DHP plan provider. Magellan will make the medical necessity determinations for these services.
- Prior to reviewing a HMO request from a non-plan provider, Magellan will confirm that the approved authorization for the use of the non-plan provider is in place. If the authorization for use of the non-plan provider is not in place, the authorization request will not be processed.

Key Points: MSK Management Program

Lumbar/Cervical Spine Surgery

- Inpatient and outpatient non-emergent surgeries
- Spine Surgery is focused on lumbar and/or cervical spine surgeries
- For spinal surgeries, only one authorization request per surgery. For example, a Lumbar fusion authorization includes decompression, instrumentation, etc.
- CPT Codes 22800-22819 used for reconstructive spinal deformity surgery and the associated instrumentation do not require prior authorization. Magellan Healthcare will monitor the use of these CPT codes. As long as the deformity surgery does not include CPT codes on Magellan Healthcare/Prevea360 Health Plan Utilization Review Matrix and Prior Authorization list, the claim for the case will process accordingly

Hip, Knee and Shoulder Surgery

- Bilateral hip, knee or shoulder surgeries require two separate authorizations
- Surgeries addressing the following are not included in the musculoskeletal management program: trauma, amputation, fracture, active infection, pediatric conditions, congenital malformation, dysplasia (hip), palsy/plegia, osteochondritis dissecans (knee), osteotomy (knee), tumor, cyst, cancer, arthrodesis, girdle resection (hip), denervation (hip), joint dislocation, hemiarthroplasty (hip), & foreign body

Key Points: MSK Management Program Continued...

- For all surgeries...
- Specialized Orthopedic Surgeons or Neurosurgeons will review surgery requests.
- Date of service is required. Magellan Healthcare must be notified of any changes to the date of service.

Key Points: MSK Management Program Continued...

Prior authorization must be obtained by the treating surgeon, through Magellan Healthcare, for medical necessity of the surgery, after the procedure is scheduled, and **a minimum** of seven (7) calendar days prior to the scheduled procedure.

Treating Surgeon:

- Prior authorization by the surgeon must be completed prior to performing the service.
- Approved outpatient surgeon authorizations will be valid for 90 days.
- Approved inpatient surgeon authorizations will be valid for 14 days.

Rendering Facility:

- Must ensure that the surgeon has obtained prior authorization through Magellan Healthcare prior to the procedure date.
- Inpatient and Outpatient procedures do not require a separate Facility authorization for length of stay.

Failure to obtain prior authorization for services may result in a denial of payment that cannot be billed to the member or Prevea360 Health Plan.
